

# CYBER SECURITY FIRESIDE CHAT

# THE INTERNET OF THINGS

"Alexa, are you there"

Smart devices are on the rise - we'll discuss what you need to know about the **Internet of Things**. Scott Donnelly, VP Technical Solutions at Recorded Future, and Detective James Siracusa of the Belmont Police Department will discuss voice activated home assistants (Alexa), remote cameras and smart technology like Wi-Fi enabled thermostats. Moderated by IT Advisory Committee's Glenn Wong.

## ABOUT THE SPEAKER

Tackling national and corporate security for over a decade, Scott and his team at Recorded Future work closely with leading cyber security teams at Fortune 1000 companies and government organizations. They help develop cyber threat intelligence capabilities for threat hunting, risk mitigation, and incident response. Scott is a sought after speaker at cyber security events and regularly contributes to [recordedfuture.com](http://recordedfuture.com)'s blog. He holds an MBA from Georgetown University and a BA in Political Science from Villanova University.
